Hunde og katte

Hvad er hunde og katte?

Hunde og katte er **kæledyr**, som er meget søde, især når de er små. De er meget bløde og lodne dyr, **som elsker at blive kælet af deres ejere.**

Hunden er både et arbejdsdyr (på grund af sin sporsans) og et kæledyr, mens katten mest er et kæledyr.

Og du, har du en hund eller en kat?
