Koirat ja kissat

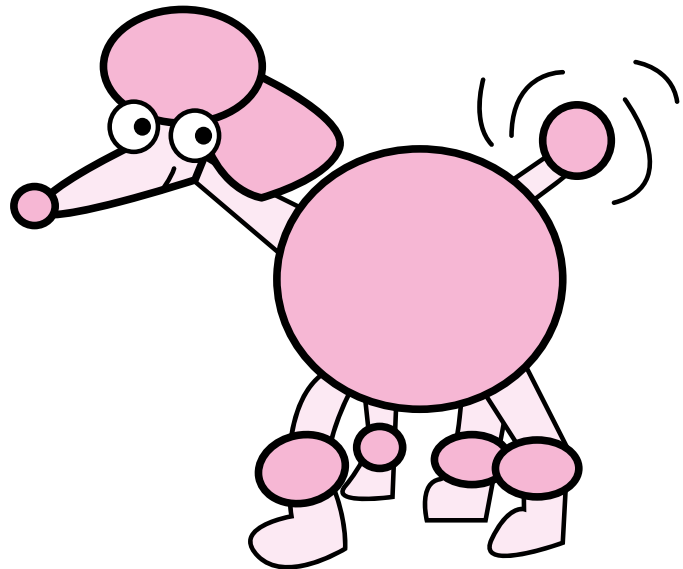

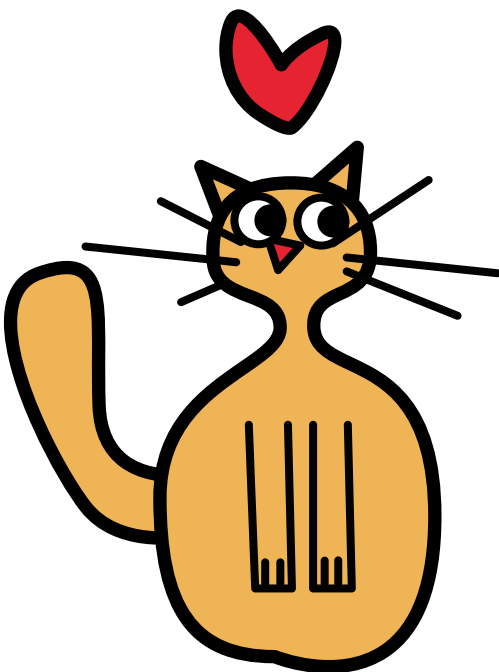

Koirat ja kissat

Mitä ovat koirat ja kissat?

Koirat ja kissat ovat **lemmikkieläimiä**, jotka ovat erittäin suloisia, erityisesti silloin, kun ne ovat vauvoja. Nämä ovat karvaisia ja pehmeitä eläimiä, jotka **rakastavat silityksiä omistajiltaan**.

Koira on samaan aikaan sekä työeläin (hajuistinsa ansiosta) ja seuraeläin, kun taas kissa on oleellisesti seuraeläin.

Entä sinä, onko sinulla koira tai kissa?
