Cani e gatti

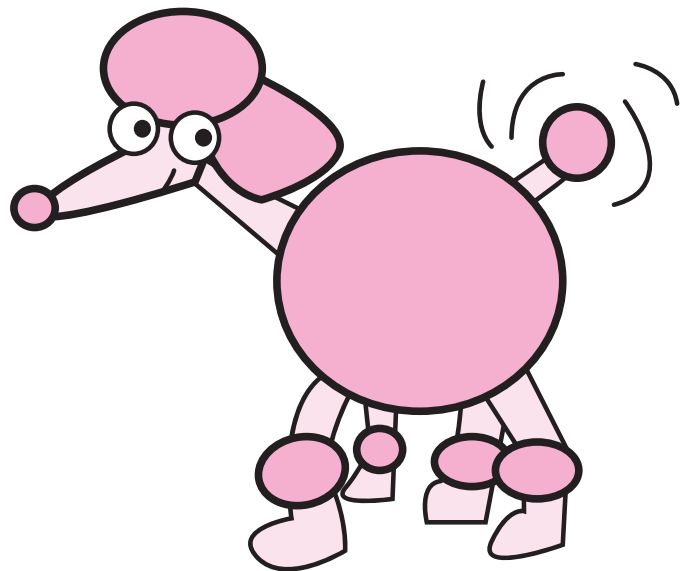

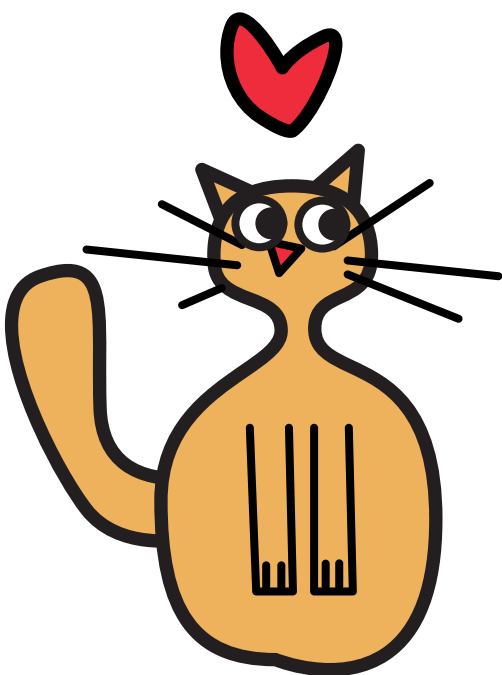

Cani e gatti

Chi sono i cani e i gatti?

I cani e i gatti sono **animali domestici** molto carini, soprattutto quando sono cuccioli. Sono animali pelosi molto dolci a cui **piace farsi accarezzare del loro padrone**. Il cane è sia un animale di utilità (grazie al suo fiuto), sia un animale da compagnia, mentre il gatto è sostanzialmente un animale da compagnia.

E tu hai un cane o un gatto?
