Farm animals

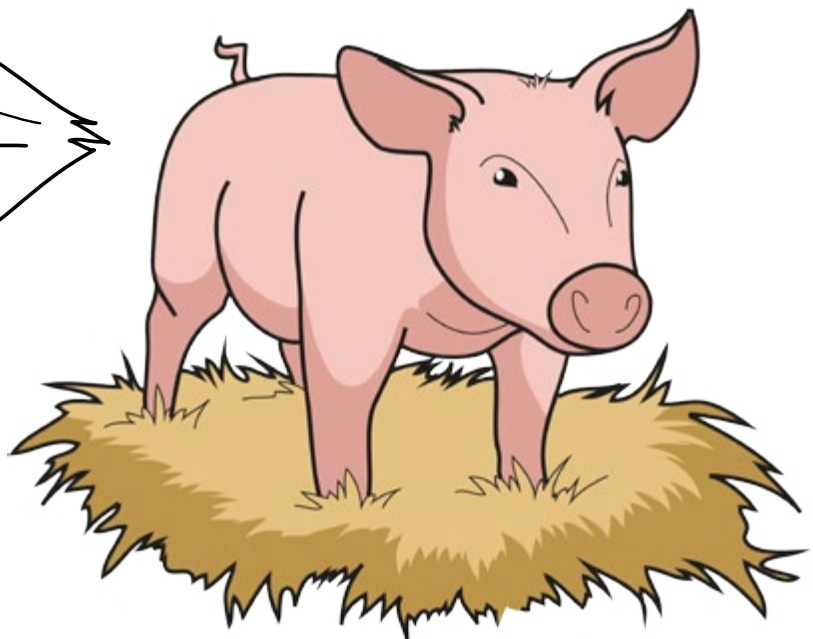

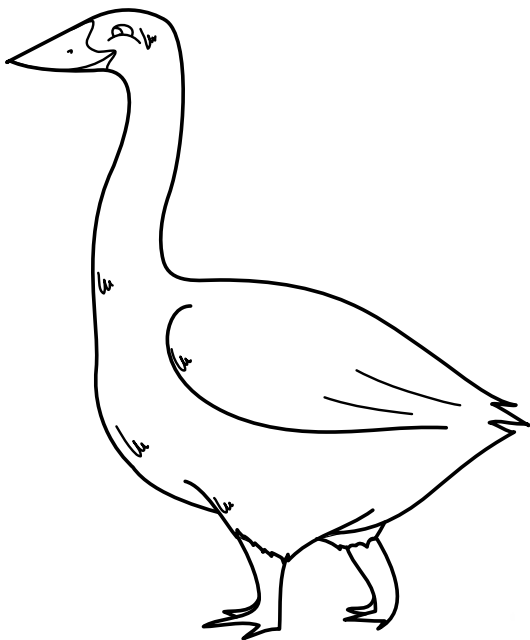

Farm animals

What are farm animals?

All animals which will be discussed in this activity book can be found in farms. A farm is a place where a farmer lives and works. The work of the **farmer** is to **take care of plants and animals**. This is why on a farm **you can find many animals** like dogs, cats, horses, cows, sheep, chickens, geese, pigs, rabbits, ducks... and much more.

In addition to residential buildings, a farm is composed of **specialized buildings for animals** such as the stable, the barn, the hutch, the henhouse, the pigsty... (you can have fun guessing which animal live each of these buildings).
