Vegetation

What is vegetation?

We called vegetation **all the trees and plants of the Earth**.

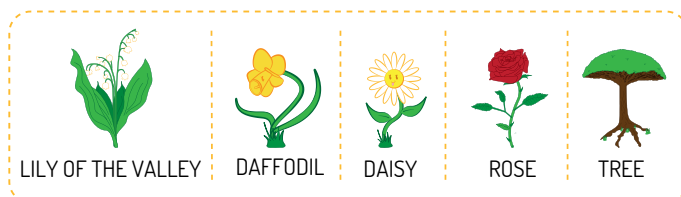

Specimen collection for defining the **different species** are preserved in **herbaria**, you've perhaps already done herbaria and if it's not the case you will certainly have the opportunity to do so.

They are the benchmark that allows **botanists** to make the point between the species discovered long ago and recently discovered species. All species of trees and plants operate differently, some have flowers some do not, some other grow very high or very low and you will not find the same plants **in every corner of the world**. Plants are at the base of **the food chain**.

Filled boxes crossword with the words in the box below.

Learn colors and paint

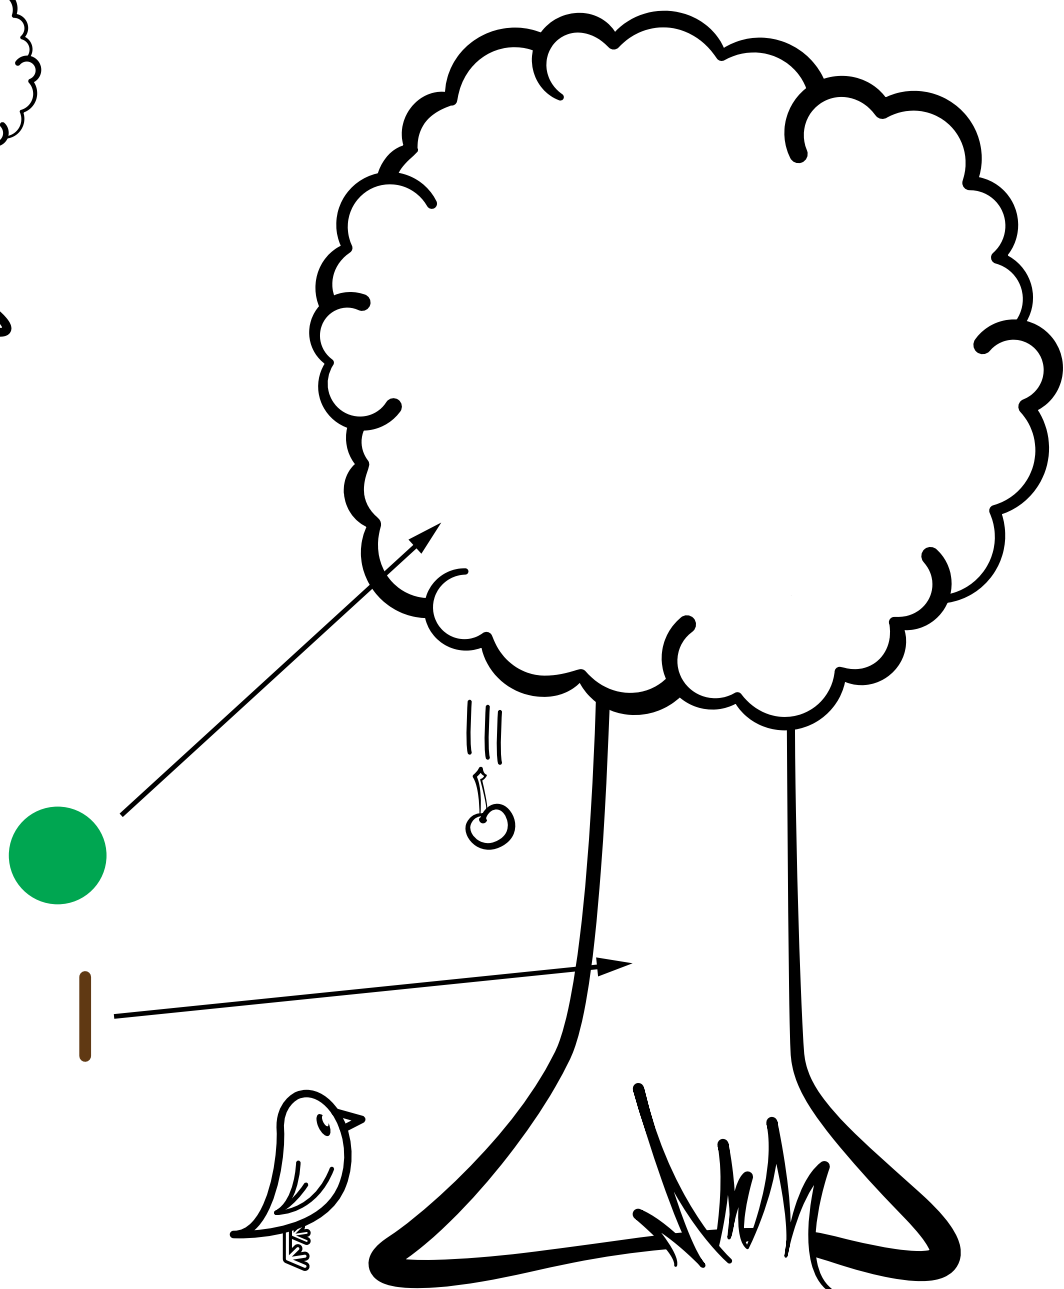

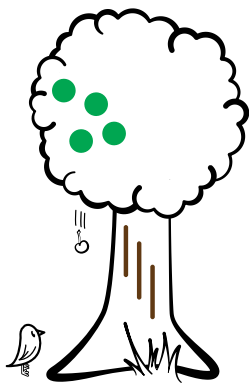

You need :

 Watercolor pencils

 Brush

 Water

Paint the leaves of the tree by green dots and its bark by brown traits.

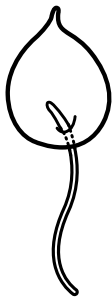

Learn to draw

You need :

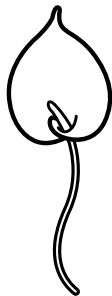

-  Pencil
-  Eraser
-  Crayons

Draw a flower by following the steps.

1

2

3

4

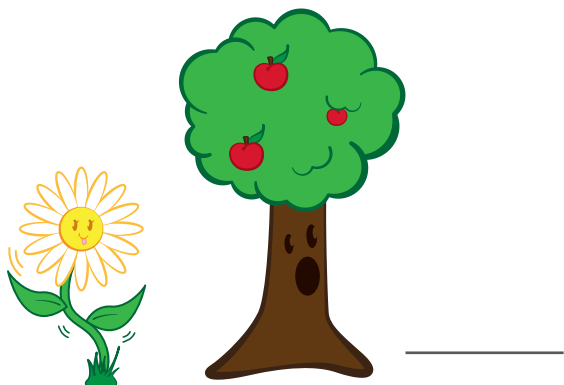

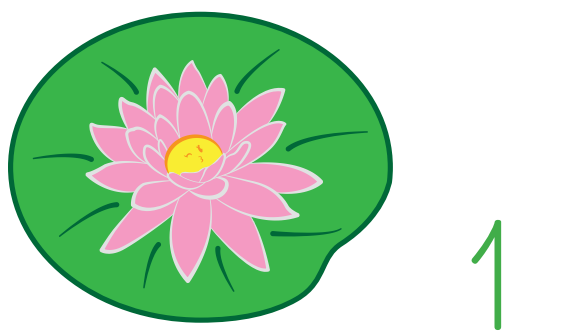

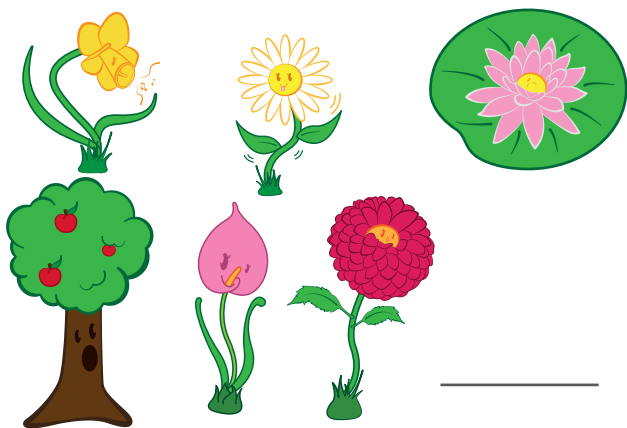

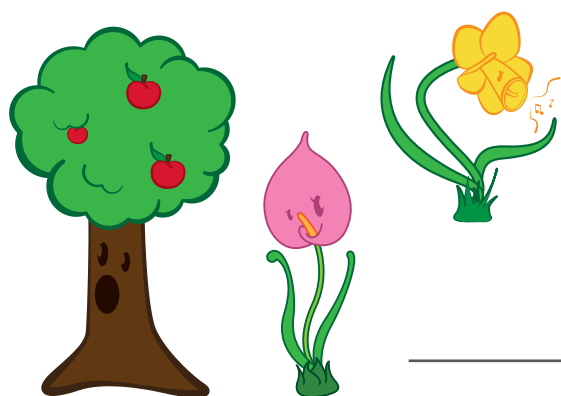

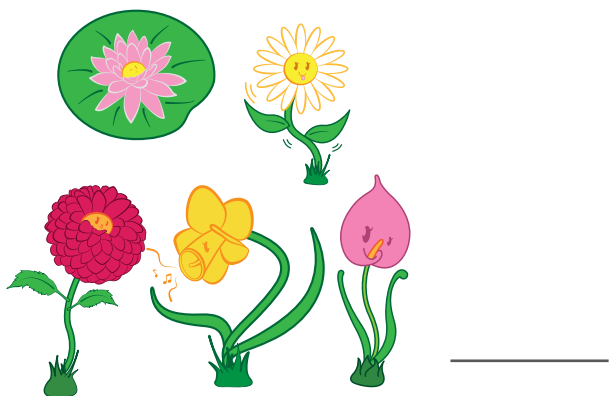

Learning to count

You need :

 1 pen

Indicates the number of trees and flowers on each line and surrounds the thumbnail that contains the greatest number.

Cut and paste

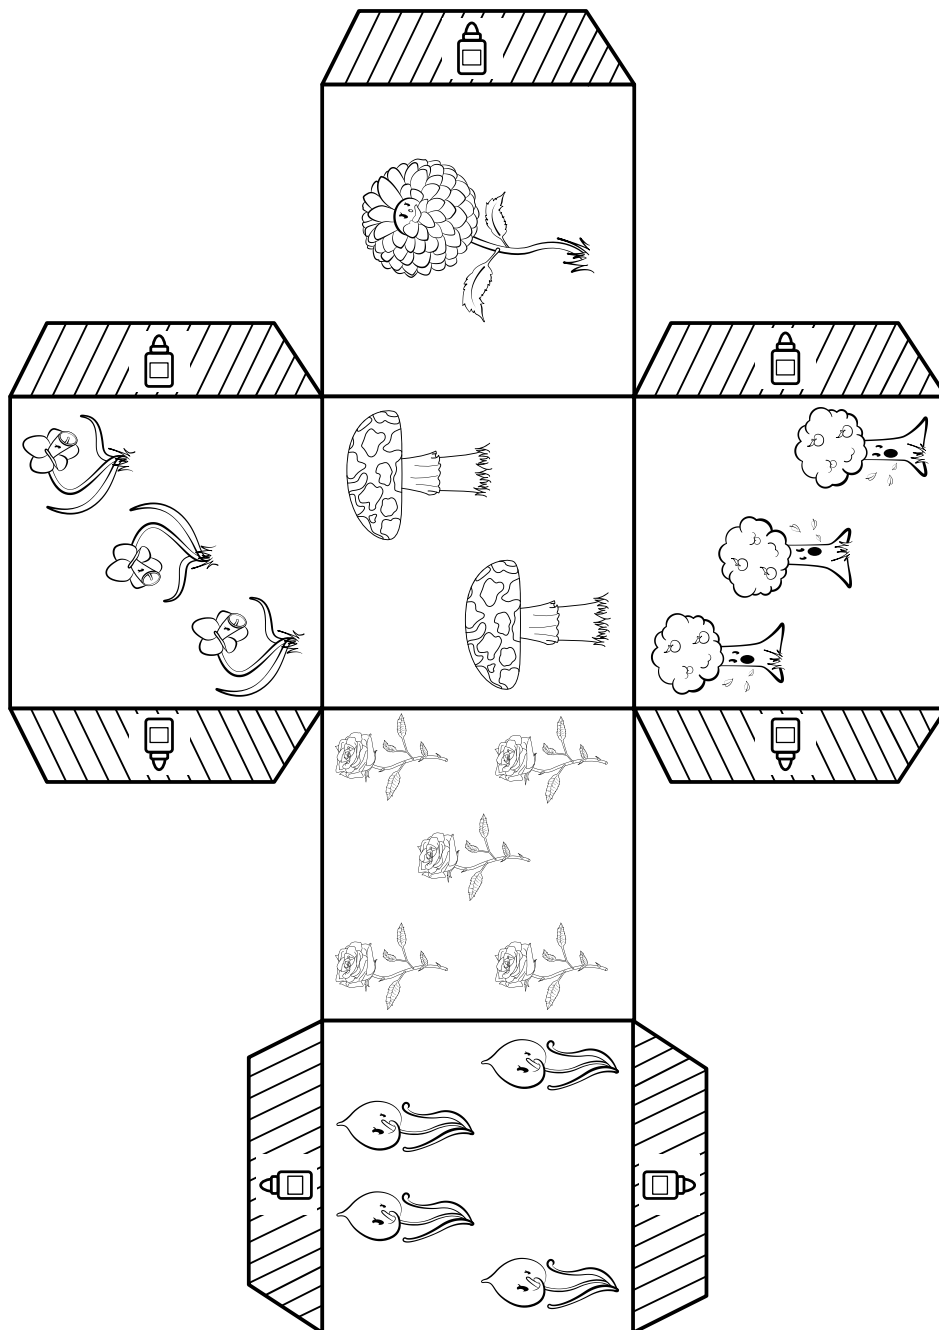

You need :

✂ 1 pair of scissors

✎ Crayons

🖍 Glue

Color the trees and flowers, cut the pattern and form a dice by folding the sides of the die and glue them through tabs.

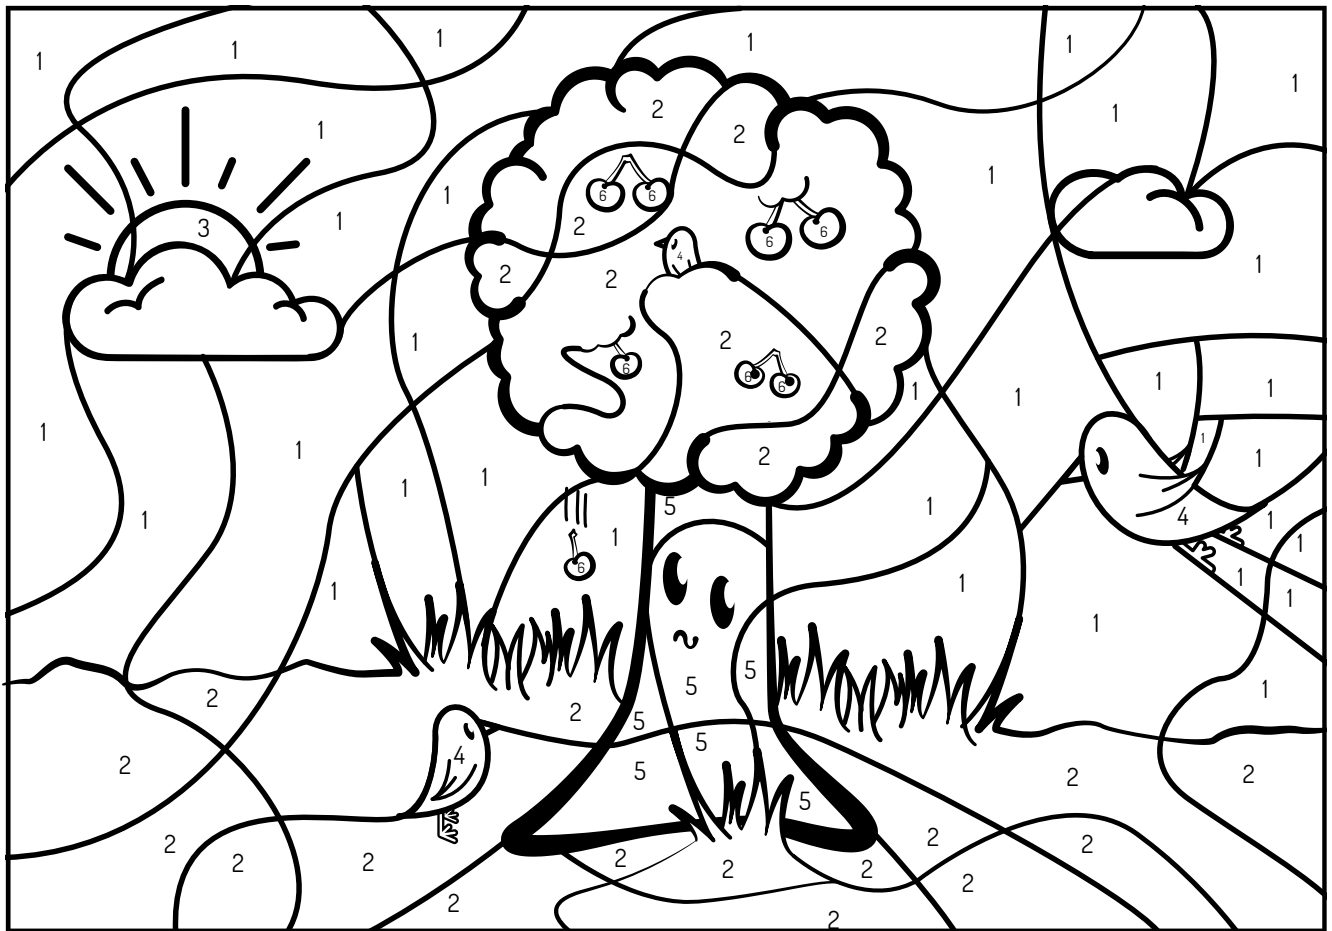

Color without exceeding

You need:

Felt pens

Colour each box with the correct color.

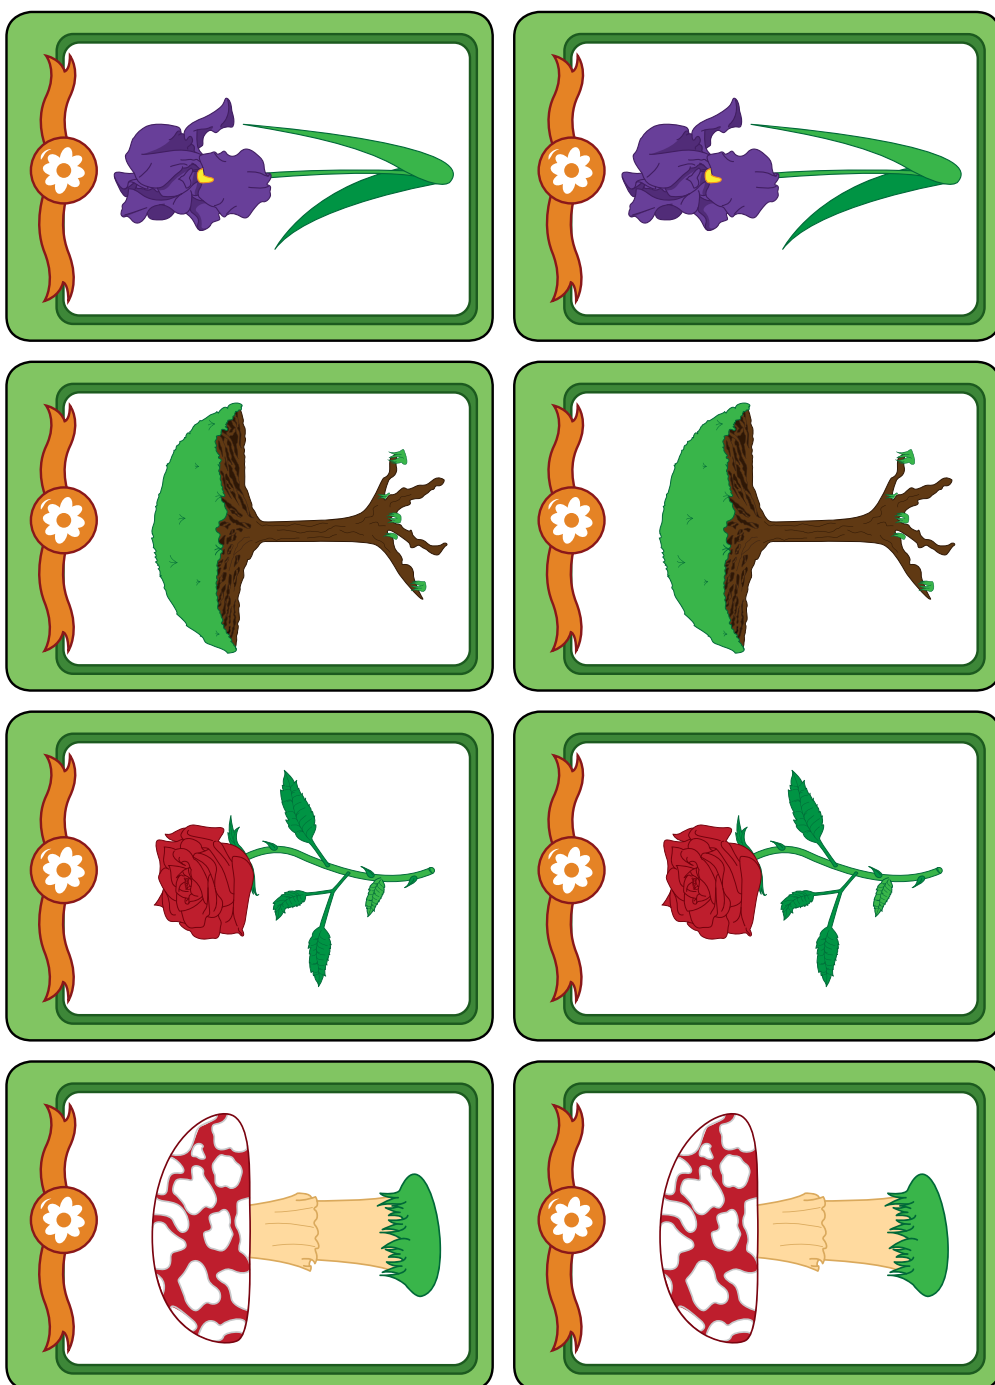

Memory game

You need :

✂ 1 pair of scissors

Make a memory game. Cut each picture then glue on a square of cardboard. Found pairs by turning the cards one by one. You can play alone or with friend or family. If you have already worked on other Bic Kids universes, you can also combine cards of different universes to make the game more difficult.

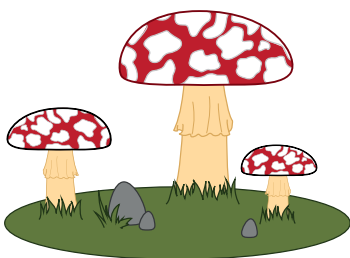

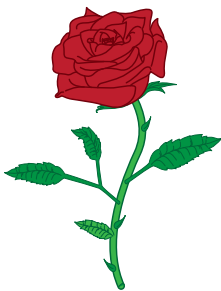

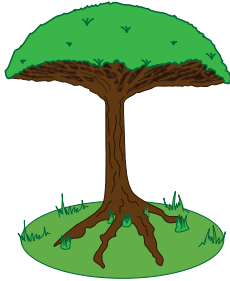

Link

You need :

 1 pen

Connect with a line the description and the vegetation element that matches.

Tree

I have a trunk and large roots.

Rose

I have many petals and my rod sting.

Lily of the valley

I have large leaves and numerous small white flowers

Mushroom

I have a foot surmounted by a corolla. You can eat me but I can also be very poisonous.

Observe

You need :

 1 pen

Trace a red cross on the six differences of the flower on right.
